From the desk of the president

Purna jyot trust is the most helpful platform for working for tribal and poor people in the districts of Dahod.

We have experienced, talented, and dedicated workers for helping the people to our best. In the fields of education, agriculture, women empowerment and many more. In this year of 2020-2021, we tried our best to provide for the people and help them in the devastating period of COVID 19.

We supported villagers by providing 3000+ masks and we generated awareness to them about the vaccine. And most of them got vaccinated.

In the initial period organization started its activities through awareness campaigns.

The physical, mental, economic and emotional support of our staff and many stakeholders are the only reason for our success. I am heartily grateful to them.
